# FOREWORD

We are proud to present this salon catalogue of the 12th YPS All India Salon of Photography 1988, on this inaugural function.

There was a dilema about conducting this salon in the wake of our having an International Colorama a few months back. However our enthusiastic members insisted that the healthy tradition of the Youth Photographic Society, conducting All India Salons every year without a break for the past 12 years should continue.

After a positive decision was taken by the Executive Committee, the ball was set in motion. We are happy to note that despite short notice, Salon exhibitors from all over the country have responded very well, better than last year, thus expressing their faith in YPS Salons.

We have done our best to bring this prestigious show to you. We have had to cross many a hurdles in the course of preparation and execution. With the co-operation of our esteemed members we have done it. And done it well too.

Mr M.S. Hebbar, despite his ill health had to run around a lot for collecting the advertisements and producing this beautiful pictorial catalogue. We thank him for this.

We thank the panel of judges for judging the entries.

We also thank Mr N Sundarraj for helping us in bringing out this catalogue on time.

Our hearty congratulations to all the successful entrants and wish the other entrants better luck in their future attempts.
